Local musical favorites Skeeter Creek and Grand Central Station will headline a benefit concert for the families of the victims and the first responders of the deadly limousine crash that occurred Saturday, Oct. 6, in the small upstate town. All 18 people in the limousine were killed, along with two pedestrians.

Many of the victims were from nearby Amsterdam.

The concert will open with a special performance featuring Union College's three a cappella groups: the Eliphalets, the Dutch Pipers and the Garnet Minstrels.

The event will also feature food vendors, a raffle of items donated by local businesses, kid activities and more.

Druthers Brewing Co. at Mohawk Harbor will donate all proceeds from its beer sales at the event and 50 percent of all customer checks for meals and drinks served in the restaurant.

TICKETS: \$10 (DONATION)

SKEETER CREEK

GRAND CENTRAL STATION
