

CHRISTOPHER FOX

MVP Health Care

Christopher Fox is a Senior Leader of IT Business Services at MVP Healthcare, where he leads a team that brings business strategies to life with IT solutions. His main area of focus in his current role is supporting business operations and their strategies.

Christopher has worked with MVP Healthcare for the last decade and has had varying responsibilities from a Quality Assurance Lead, to Associate Director of Production Support. Christopher is a graduate of Embry-Riddle Aeronautical University (ERAU), where he earned a B.S. in Aviation Computer Science. After graduating from ERAU, Christopher worked in the defense industry, writing software for air traffic control systems with Lockheed Martin and then at Data Device Corporation writing low level device drivers for equipment that was used in various military applications and the space station.

When he is not working, Christopher enjoys spending time with his wife and three children, watching them play sports and going on outdoor adventures that his wife likes to organize. He also spends a great deal of time volunteering with the Jonesville Fire Department where he is a Lieutenant and helps to oversee the EMS training for the department. Christopher is also a catechist at St. Mary's Catholic Church in Crescent, where he shares his faith, teaching 6-10th graders each school year.
