

ELIZABETH FREAR

The Foundation for Ellis Medicine

Elizabeth (Beth) Frear began her career in hospital fundraising in 2005 as an intern with The Foundation for Ellis Medicine. Wearing many different hats, she has served as the administrative assistant, database coordinator, and annually directed and managed four successful special events that included volunteer management, sponsor solicitation, theme and logistics. Most recently, Beth revamped the Foundation's annual campaign and increased revenue by 20% in 3 years.

Currently she is focused on legacy giving and building and strengthening relationships with members of the community to encourage support for Ellis Medicine.

Beth credits her 14 years with The Foundation for Ellis Medicine to the wonderful mentors who have encouraged her to grow while celebrating her successes and failures. Beth earned her BA and MA in Public Communications from The College of Saint Rose in 2005 and 2012 respectively. A Capital Region native, Beth grew up in Glenville and currently lives in Galway with her husband, Matt and their two sons, Sam (5) and RJ (9 months), in addition to an old chocolate lab, Reese, 15 chickens and one rooster.
