

VASSILIKI (VASSO) POTTER

Berkshire Bank

Vassiliki (Vasso) Potter joined Berkshire Bank in 2016 as a branch manager in downtown Albany. With experience spanning 22 years in the Capital Region, she has held various positions in the branch network as well as in commercial banking. In her current role, she partners with area leadership and business partners to deliver world-class customer service to the region. In addition to her day-to-day responsibilities, Vasso is closely involved with the development of the bank's new offerings and supporting her colleagues in their professional growth.

Outside of the office Vasso volunteers her time at various organizations. She is a parishioner at St. Sophia's Greek Orthodox Church, an active fundraiser for the Leukemia & Lymphoma Society and a member of the Board of Trustees for Castle Island Bilingual Montessori School. Via her role as a trustee, Vasso has been able to focus on one of her main passions, providing children with the best education possible. Family is very important to Vasso. She emigrated from Greece 31 years ago and she travels back often to visit family and friends. When she is not at the office or volunteering Vasso's time is spent with her family and more times than not you will find her in her vegetable and flower gardens.
