

Tiffany Orner, United States Air Force

Tiffany Orner has military service in her blood. She is a third generation member of our Armed Forces and a second generation Air Force Veteran. In 2001, she raised her right hand and swore to protect the United States Constitution by serving in the United States Air Force. Like her mother before her, she was stationed at Travis Air Force Base in Northern California. At Travis, she was a War Readiness Technician and was charged with managing equipment and parts critical to the operation of C-5 Aircraft. Tiffany also had a CDL and drove 18 - Wheelers to and from the Aerial Support Squadron in support of Operation Enduring Freedom and Operation Iraqi Freedom. When Tiffany was Honorably Discharged she relocated her family to Albany. Once here, it took her a few years to find her place in the Capital Region as a mother, wife and now, as a civilian.

Today, Tiffany is a devoted advocate for all Veterans in the Capital Region. She is the Business Development Manager for the Veteran Owned & Operated JDog Junk Removal & Hauling enterprise. Tiffany is also a member of the Veterans Business Council, the Unified Military Affairs Council and many other Military and Civilian organizations throughout the Capital Region, including the Veterans and Community Housing Coalition, helping to spearhead the creation of Foreverly House.

When Tiffany's Mom finished her service to our country, she too worked tirelessly to support her fellow Veterans. Tiffany not only follows in her footsteps, but is raising her children to do the same. Her two sons attend Christian Brothers Academy. And you never know. There just might be a fourth generation of Tiffany's family proudly wearing the uniform of America's military someday.

Please join me in honoring Tiffany Orner.
