

## **CHRISTOPHER ZEPPIERI**

CDPHP

With more than 13 years of experience in the managed health care industry, Christopher (Chris) Zeppieri, serves the Member Health division at CDPHP as a Manager of Care Management. In this role, he is responsible for the day to day operations of the Outpatient Care Management and Complex Case Management teams.

Christopher began his nursing career in 2004 after earning his certificate from Vermont Technical College. After graduation, he started working at Southwestern Vermont Medical Center. He then added North Adams Regional Hospital Emergency Department to his experience. He also worked as a school nurse in Vermont. In this position, he worked collaboratively with the local physician to bring school-based health services to the students served.

After years in the clinical setting, Christopher earned an opportunity at Capital District Physicians Health Plan as a Nurse, Case Manager. He spent his time providing CDPHP members with support, education and resources to best manage their complex medical conditions. Then, Christopher used that experience to progress to Supervisor and later to Manager of Care Management and the Medicaid Long Term Services and Support Programs. In these positions, he worked to implement the clinical management of the long-term care programs as defined by New York State Department of Health. Today, Christopher works hard to lead the Care Management team to provide the most comprehensive care to members. His extensive knowledge and experience in managed care and services has contributed to his continued success at CDPHP.

Christopher grew up in Mechanicville, NY. He currently lives in Ballston Spa, NY with his wife, three children, and a terribly behaved Welsh Terrier. Outside of work, he enjoys spending time with his family and friends and maintaining a meticulous lawn.
