## To Our Valued Members and Community Partners

I wish to address the serious matter that occurred. The Chamber is closely monitoring the situation that involves personal conduct outside of the Chamber's operations.

As you can imagine, this has been a difficult time for us all. We share many of the same feelings as you - and are just as disturbed. We want to be clear that the alleged actions do not reflect the values or standards of our organization. The Chamber remains committed to integrity, transparency, and accountability in everything we do.

Our focus continues to be on supporting our members, strengthening our economy, and the betterment of our community. We remain dedicated to advancing priorities that foster business growth and champion initiatives that benefit the region. Please be assured that the work of this Chamber will continue without interruption.

We are grateful for your trust and support and look forward to continuing to work alongside you as we move forward together.
